A VOICE

From the Executive Mansion.

MR. A. K. HAWKES—Dear Sir: The pan-
toscopic glasses you furnished me some time
since give excellent satisfaction. I have test-
ed them by use, and must say they are un-
equalled in clearness and brilliancy by any
that I have ever worn. Respectfully,
JOHN B. GORDON,
Governor of Georgia.

A Big Strike Begun.

All the Men on the New York
Central Out.

THE ENTIRE LINE IS TIED UP.

The Origin of the Trouble Is the Dis-
charge of Knights of Labor Without a
Cause. The Prospects are That It Will
Be a Long and Bitter Struggle—Other
Labor News.

NEW YORK, Aug. 9.—The trouble be-
tween the Knights of Labor and the
New York Central and Hudson River
Railroad company has become serious.
J. J. Holland, a member of the execu-
tive board of the Knights of Labor,
made three different attempts yesterday
to have a conference with Third Vice-
President Webb, of the railroad com-
pany, for the purpose of effecting a
peaceful solution of the difficulty. Mr.
Webb refused to talk with him and mo-
tioned him out of his office.

Mr. Holland then talked the matter
over with Superintendent Toucey. He
asked for the reinstatement of the dis-
charged men and said that the Knights
were anxious to have the company make
a special investigation in each case so
that the truth in the matter would be
known. He warned Mr. Toucey that
he (Toucey) and Mr. Webb would be held
responsible for a strike if one was
ordered. Mr. Toucey then made several
attempts to prevail upon Mr. Webb to
see Mr. Holland, but the former re-
mained obdurate.

A meeting of the district committee
was held at the Grand Union hotel at 5
o'clock, but it was held with closed
doors, and its conclusions are not
known, but it is believed that a strike
was decided on as at 7:30 o'clock the
men began to stop work. Not a train
has left the depot at Forty-second street
since that hour. The Grand Union hotel
is crowded with people who expected to
leave the city and had engaged passage
for various points.

At 8:30 o'clock a gentleman reached
the hotel and announced that the en-
gineer and men employed in running an
incoming train had deserted their posts
in the tunnel at Eighty-sixth street and
left the train standing there. He, as
well as the other passengers, had to get
out and make their way to Forty-second
street on foot or by horse car.

No one seems to know how the strike
was ordered or who gave the signal to
strike. J. J. Holland, a member of the
executive board of the Knights of Labor,
denied that he had ordered or even knew
that he knew a strike had been ordered,
when seen by a United Press reporter.

In an interview last night, Vice Pres-
ident Webb, of the Central road, said
that the strike extended only to Albany.
Those men who had gone out from the
company, Mr. Webb said, would be
promptly discharged, while those who
remained true to their trusts would be
protected and taken care of, as would
all who came to work for the company.
Good men would be taken on as far as
they were needed.

The vice president announced with
great emphasis that he would fight the
strikers to the bitter end. He had never
seen or knew nothing whatever about
the new demands for a minimum day's
wages of \$1.50 and an increase of \$5 per
month for station agents. These de-
mands also comprise a provision for
equalizing the wages of the yard men at
Troy and Green Island on the basis of
wages paid the same class of labor at
Schenectady and East Albany. Fire-
men on six-wheel engines must receive
two and one-fourth cents a mile and
engineers on the same four cents. On
four-wheel engines engineers must be
paid three and one-half cents a mile
and their firemen two cents for the same
distance.

Mr. Webb stated that the fast mail
had pulled out at 9 o'clock with four
mail cars but no passenger coaches were
attached to it. He also said that no at-
tempt was made to run any trains last
night.

At a late hour last night Vice Pres-
ident Webb stated that in the yards of
the Grand Central depot at Forty-second
street, at Fifty-sixth street and at West
Albany there were about 850 men out.
These were all switchmen.

Mr. Webb stated that outside of local
short distance trains there were four-
teen trains that ought to have left the
station between 7 o'clock and midnight.
Only one of these started—the fast mail,
and that carried no passengers.

At 11:30 o'clock Mr. Holland was seen
and reported the statement previously
made by him that he had not ordered
the strike. He said the head of the
local division, Knights of Labor, might
have done it. He will remain in the
city for the next few days.

Several of the strikers were inter-
viewed on the matter, but declined to
talk further than to say that it would
prove to be the biggest strike before it
was over that the people in the east had
seen for some years.

The officials of the New York Central
and Hudson River railroad have called
upon Acting Superintendent Byrnes, of
the Metropolitan police force, for pro-
tection. In compliance with this re-
quest the reserves in all the precincts on
the East Side below Forty-second street
have been ordered held in readiness for
any emergency. Above Forty-second
street to Yonkers on the East Side, and
on the West Side from St. John's park
to Yonkers, the police are on duty
guarding the tracks and property of the
railroad company.

The Twenty-third sub-precinct police
are guarding the depot, assisted by the
police of the boat patrol, and Inspector
Byrnes' detectives are watching the
switches and signals along the road to
Yonkers. Detectives were also sent to
protect the switch house at Fifty-seventh
street and Forty-eighth avenue.

Grand Master Workman Powderly
and Secretary Hayes, of the knights,

are in readiness to be called in
their presence is desired.

The impression is growing among the
employees of the road that the war upon
the knights was decided upon some time
ago and that Mr. Depew, being opposed
to it, went to Europe so as to be absent
when the discharges occurred.

State of Affairs at Albany.

ALBANY, N. Y., Aug. 9.—The men in
the West Albany shops of the New York
Central and Hudson River Railroad
company were ordered out at 8 o'clock
last night. This will cripple the road
and little business can be done.

At the headquarters of General Su-
perintendent Bissell at the Union depot
a stalwart policeman guarded the door,
and kept back a crowd of ugly looking
men making demands to see the chief of
the division. To a United Press repre-
sentative Mr. Bissell said: "My first in-
timation of the strike was at 7 o'clock
yesterday evening, when the men left
the yard and the local Troy trains were
stopped for want of brakemen. The
strike, I found, extended over the yard-
men and some of the trainmen, but over
none of the conductors or engineers."

To a question as whether the road was
prepared, Mr. Bissell declined to an-
swer, but intimated that the strike had
come quicker than expected.

While the reporter was talking a de-
tective came in and reported that the
north express and mail train from New
York was two hours late, and was
stalled within the city limits. The plat-
form was swarmed with men, who
would apply the brakes each time that
the engineer took them off. The en-
gineer was threatened, but stuck to his
post.

Mr. Bissell, on being asked to give his
version of the strike, said: "The men
have no money grievance. The strike is
simply to find out if they can dictate to
us whom we shall hire or discharge.
The cause direct was the discharge of
several labor agitators belonging to the
Knights of Labor and who were causing
trouble on our lines. We intend to do
our own business."

The depots were filled with people and
many, after finding no trains, left for
hotels or homes. The strike has not as
yet extended to the West Shore and of-
ficials say it will not. Labor men see
that if the road does not succumb the
West Shore men will be ordered out.

The freight department running west
is at perfect standstill, there being no
less than five long freight trains stalled
at the freight bridge. Between here
and Schenectady there are about six
freight trains. The depot is guarded by
police and detectives, and a posse of po-
lice are watching the switches.

The Tenth battalion, K. G. S. of N.
Y., has been ordered to be in readiness
to respond to a call, and there is an ex-
tra force of police ready for any emer-
gency. Trouble is expected at the West
Albany shops.

All Out But Five.

UTICA, N. Y., Aug. 9.—In and about
the Utica station and yards of the New
York Central about 150 men are
employed. The yardmen went out
about 8:35 o'clock yesterday evening.
There are on duty now only the bag-
gage-master, yardmaster, gate tender,
ticket seller and the telegraph operator,
five in number. The freight handlers
have all gone out. The men say they
go out not from any local grievance, but
because they are Knights of Labor.

Strike in a Silk Factory.

NEWARK, N. J., Aug. 9.—Seventy
male and thirty female employees of
Landran's silk factory struck yesterday
for an increase in wages. They claim
that they are paid but twelve cents per
pound for work which earns twenty-
seven cents in other factories. There
were some threats of violence on the
part of the men, but no serious trouble
has yet occurred.

A Ten Per Cent. Advance.

PITTSBURGH, Aug. 9.—The wage con-
ference of the flint glass prescription
branch adjourned yesterday evening.
The workers received the demanded ad-
vance of 10 per cent. on vials and a gen-
eral advance of about 5 per cent. on
flasks as well. The manufacturers' re-
sistance every inch of ground against the
advance, but were finally compelled to
give in.

Mackey System Trouble Settled.

TERRE HAUTE, Ind., Aug. 9.—Gen-
eral Manager Saul, of the Mackey sys-
tem yesterday granted the demands of
the switchmen for a raise to the Chicago
scale. The same was granted the men
at Evansville. Trains are now running
and the blockades being cleared as fast
as possible. All traffic was stopped for
twenty-four hours.

Street Car Trouble in Chicago.

CHICAGO, Aug. 9.—Rumors were in
circulation yesterday that the West Side
cable and street car men are about to
strike. The recent discharge of an em-
ployee for dismissing new men and put-
ting old-timers in their places is said to
be the source of the trouble.

It is on at Rochester.

ROCHESTER, N. Y., Aug. 9.—The New
York Central railroad strike has reached
here. Those trainmen whose homes are
in this city are leaving their trains as
fast as they arrive here. Six men have
thus far left their posts.

Wages Increased.

NEW YORK, Aug. 9.—The employes
of the Pennsylvania freight yards, in
Jersey City, yesterday received the an-
nouncement that their wages have been
increased 15 per cent.

Looking for a Railroad Site.

OTTAWA, Ont., Aug. 9.—English ad-
vices state that a party of English capi-
talists, accompanied by a number of en-
gineers, will arrive at New York next
week, en route for Canada. They pur-
pose chartering a vessel and will visit
Labrador, Straits of Belle Isle, and
cruise along the north shore of the gulf,
with a view of reporting as to the fea-
sibility of Buder's Labrador railway
scheme, which is regarded in official
quarters here as thoroughly impractic-

Business Barometer.

Special Report on the Condi-
tion of Trade.

DUN AND COMPANY'S REVIEW.

Less Favorable Crop Prospects, Closer
Money Markets, and Further Delay in
Action on the Tariff Bill in the Sen-
ate, Have Increased the Uncertainty
Which Retards Business.

NEW YORK, Aug. 9.—R. G. Dun &
Company, in their weekly review of
trade, says: Less favorable crop pros-
pects, closer money markets, and fur-
ther delay in action on the tariff bill in
the senate, have increased the uncer-
tainty which retards business. In spite
of a sharp advance in wheat, corn, oats,
oil and coffee, the general average of
prices for commodities is a shade lower
than a week ago, and the stock market
has been dull and depressed.

Gold exports have continued, about
\$2,000,000 more having gone out this
week, but it is thought the closer and
higher money market here and the bright-
er prospects in the Argentine Republic
will prevent further shipments for the
present. The decline in silver bullion
since the treasury issued its notice
of condition on which offers would be
received, indicates appreciation of in-
ability to force upon the treasury a fic-
titious price, and therefore renders full
deliveries of silver and issues of notes
more probable.

The present state of trade through-
out the country appears satisfactory for
the season, and reports are most uni-
formly confident in tone. Boston notes
little present change, but belief in great
activity in the fall wool is more freely
bought, sales reaching 3,411,000 pounds,
and further decline is not expected. Cot-
ton goods move fairly, and the suspen-
sion in print cloth works is having the
desired effect. The market for hides,
leather, and boots and shoes is buoyant,
and further advance in prices is ex-
pected.

Chicago reports smaller receipts than
last year of wheat, flour and corn, a
heavy decrease in cheese, but a much
larger movement of cattle and of hogs
because of failure as to the corn crop.
Wool receipts fall off a third and hides
a quarter, while sales of dry goods and
clothing are larger than last year, with
prompt collections. St. Louis notes
strong trade in nearly all lines, Kansas
City a fair trade for the season, Omaha
and St. Paul a good trade, and Mil-
waukee improvement. At Minneapolis
the lumber demand is good, and flour
strong; at Detroit trade is equal to last
year's and at Cleveland satisfactory.
Glass and coal are inactive at Pitts-
burg, but iron stronger.

The crop outlook is on the whole less
promising, Chicago reports that hot and
dry weather is cutting down the yield,
though complaint is not general. In
other reports there is evidence of the
irregularity of conditions. St. Paul and
Detroit note excellent prospects. St.
Louis reports corn suffering in the
southwest, and Milwaukee great need
for rain. In the south valley states too
much rain threatens cotton. Wheat
has risen three and one-fourth cents,
with sales of 28,000,000 bushels, corn three
and one-half cents with sales of 18,000,
000 bushels, and oats five cents, while
pork, hogs and cotton are unchanged.

Iron ore and pig are inactive and weak
at Cleveland, but in rather better de-
mand at Pittsburgh, where the demand
for finished iron is excellent for the
season. The same is true of Philadelphia.
Plate and structural mills are crowded,
and prices tend to rise, while there and
at New York actual quotations for pig
iron seem weaker rather than stronger
and southern No. 1 is quoted at \$17, and
delivered in New England at \$17.50.
The copper market is slow, with some
lake sold at seventeen cents. Tin and
lead are dull.

The outlook depends largely upon the
extent of injury to crops, the action of
congress regarding duties, and the for-
eign complications which affect the de-
mand for gold. Resignation of Celman
and the formation of a new Argentine
government, may stop demands for gold
from that quarter and the banks of En-
gland and France both gained in gold
last week, but domestic exports of
products continue small and imports
very large, and it is still uncertain how
far foreign selling of American securi-
ties will go. Better prices came in the
stock exchange on Friday but the trou-
ble between shippers and trunk lines as
to eastbound bills of lading is not yet
settled.

The failures during the last seven
days number for the United States 179,
Canada 29, total 208. For the corre-
sponding week of last year the figures
were 201, 164 in the United States and
37 in Canada.

THE SENATE AND HOUSE.

Proceedings of Both Branches of Con-
gress—Other Items.

WASHINGTON, Aug. 9.—The senate
yesterday passed the concurrent resolu-
tion introduced by Senator Plumb a few
days ago, expressing the desire of con-
gress for the removal of the remains of
Gen. Grant from Riverside park to the
National Arlington cemetery.

The senate then adopted the confer-
ence report on the fortifications bill and
then discussed for a long while the dis-
agreeing conference report on the sundry
civil bill, finally agreeing to it and or-
dering a further conference on the ir-
rigation items. Late in the afternoon the
tariff bill was taken up, but no progress
was made with the bill.

The house finished consideration of
the general deficiency bill and passed it
in the early afternoon. The remainder
of the afternoon was spent discussing a
resolution from the committee on rules
to bring the senate amendments to the
Indian appropriation bill before the
house for immediate consideration.

THE RIOTING CONVICTS. No Further Outbreaks For the Prisoners Remain Locked Up.

BOSTON, Aug. 9.—The state prison
yesterday was as quiet as a graveyard.
In the morning one convict tried to
start a yell, but his fellow prisoners did
not respond, and he was quickly placed
in punishment. The seventy-eight
leading rioters are still in "Fort Russell"
and will doubtless remain there for
some days. All the other prisoners are
locked in their cells with the exception
of twenty or thirty trusted ones, who
are at work in the shops and yard clear-
ing away the debris.

Chairman Fitz, of the prison commis-
sioners, visited the jail yesterday and
heard an account of the riot from War-
den Russell. To a reporter he said that
the riot seemed to be a craze with the
prisoners, and that an investigation
would be made by the board of prison
commissioners in regard to the cases
which led up to the riot and the dis-
cipline and management of the insitu-
tion.

LATEST FISH STORY.

A German Carp Commits Suicide With-
out Any Apparent Cause.

NEW CASTLE, Ind., Aug. 9.—Last
week a German carp, thirty inches long,
leaped out of M. M. Vestal's fish reser-
voir near here, and died on the ground.

Desiring to know if any more such
were in the reservoir, Mr. Vestal and
two other gentlemen of unquestionable
veracity, went out yesterday with a
small seine, and at the first draught
caught three carp, weighing fourteen,
sixteen and eighteen pounds, respec-
tively.

The men were so much excited that
they did not try to capture any more,
but jumped in their wagon and drove
to this city at a break-neck speed, where
they held a levee until in the evening,
when a competent caterer served the
largest of the big fellows at a banquet
given in honor of their being caught.

HORSE CAR WRECKED.

A Collision Between a Cable Grip and
Street Car in Chicago.

CHICAGO, Aug. 9.—At 8 o'clock yester-
day morning a west bound "trailer,"
attached to a grip on the Madison street
cable line, jumped the track at the cor-
ner of Madison and Morgan streets and
ran into an Ogden avenue car going east.
A number of people on the Ogden
avenue car were seriously injured, but
none fatally.

The more seriously injured are:
J. E. Dunne, vice president and man-
ager R. W. Tansill & Company, tobacco
manufacturers, left leg broken, right
leg dislocated and severely bruised.

Fred. W. Weiss, a salesman, knee
badly sprained.

A. R. Sargent, salesman, foot crushed.

Live Frog in a Woman's Stomach.

COLUMBUS, O., Aug. 9.—Mrs. Jacob
Mickel has just passed through a novel
ordeal. For some time she has com-
plained of a sickening sensation in her
throat and stomach. Dr. O. T. Voight
was called in and finally gave her an
emetic and she vomited up a live frog.
It was about two inches long and had
no skin. There were two front legs but
the hind legs were missing. In the doc-
tor's opinion the woman had swallowed
the egg of a frog while drinking water
and the warmth of her stomach had
hatched it out.

A Burglar Trapped.

NEWCOMERTOWN, O., Aug. 9.—At
Wolf's station, Calvin Kinsey, whose
store had been visited by burglars sev-
eral times, set a trap for the burglar. A
gun was arranged so that it would be
discharged the instant anybody touched
the money drawer. A burglar entered
the store, attempted to "tap the till" and
was shot through the leg. He was
found a short distance from the store in
a thicket to which he had crawled and
was taken to jail at Newcomertown
but refused to give his name.

Mutiny of Troops.

LONDON, Aug. 9.—Another mutiny
on the part of her majesty's troops has
just taken place, this time the obdurate
men comprising a portion of the army
service corps of the garrison at
Chatham. Becoming incensed at the
actions of the sergeants who imposed
vexatious and needless duties upon the
men without authority from the su-
perior officers, the men refused to pa-
rade yesterday and barricaded the store.
Twenty of the mutinous troops have
been arrested.

Found in the Water.

BUFFALO, Aug. 9.—A special to The
Express from Youngstown, N. Y., says:
The body of a man aged about 40 years,
five feet nine inches, with dark brown
hair, grey eyes and sandy chin whiskers,
was found this morning in the mouth
of the Niagara river, near Fort Niagara.
The top of his head was fractured, look-
ing as though a heavy blow had been
dealt by a club or some heavy weapon.
The man was probably dead before he
was in the water, as the mouth was
closed.

FIGHTING LOOKED FOR.

Another Battle Expected Soon in the
Guatemalan War.

NEW ORLEANS, Aug. 9.—The Pica-
yune's Guatemala special says Marteneze
Sabrat, the minister of foreign affairs,
has been thrown into prison by Presi-
dent Barrillas, charged with being a
traitor, he having been detected in secret
communication with Salvador. Many
claim that he resorted to this for self-
preservation, fearing the downfall of the
present government.

It is rumored that the revolutionist
Irungaray was killed in battle. Bar-
runda, who is a candidate for the pres-
idency, has crossed the frontier near
San Benito Soconusco, with a small
following. The troops have been sent
to intercept his advance. Fighting is
looked for at any time.

GREAT CLEARANCE SALE OF CLOTHING AND HATS!

The coming week will wind up the greatest and most successful clearance sale this community has ever known. At the rate these goods have been going, one more week will certainly close them out. Our specialty for a few days will be

OUR ENTIRE LINE OF FINE HATS,

all of the latest styles and best quality, at so much less than they can be bought elsewhere that you can not help buying if you see them. We still have a few of those BOYS' and CHILDREN'S SUITS that we have been selling so cheap this week. Come early; you can make a good selection. Our house knows no dull season. Prices keep everything moving.

SATURDAY, AUGUST 9, 1890

THE Maysville Republican seems to find it a much easier matter to misrepresent things than to give facts.

LONGMOOR'S majority may prove to be an "old-time" one in reality. It is running up pretty close to 50,000.

"SWEET OWEN" comes nearer being solidly Democratic than any other county in the State. Out of 3,500 votes polled for Appellate Clerk this week, Longmoor received 2,800.

TWO YEARS ago Boyd County gave Harrison 242 majority. Last year it went Democratic, and this year it is still more Democratic, the gain over Harrison's vote being 442.

THERE will be a George Washington in the coming Constitutional convention. He hails from Newport, and is a good sort of a man to have about in such meetings, judging from what the papers say.

A POLITICAL cyclone is predicted the early part of next November. Illinois, Michigan, Wisconsin and Minnesota are expected to astonish the country by joining Ohio and Iowa in the Democratic column.

THE Republican admits it was really and truly "surprised and disappointed" at the result of the late election. If the new editor remains here a few years, he will learn how invincible are the Democrats of Mason.

NOW let Judge Tinsley forward his application at once to President Harrison for a position under the National administration. A fellow who gets knocked out as badly as Tinsley was deserves some soothing syrup from Dr. Harrison.

THE Republican is industriously engaged in trying to belittle Congressman Payner. We trust our neighbor will continue on this line. Such ranting by Republican papers rarely ever fails to result in increased Democratic majorities.

IF Oklahoma Territory expects to get into the Union any way soon, she must quit going Democratic, as she did one day this week. But, perhaps she's "casting an anchor to windward," anticipating the political upheaval that is to come in 1892.

THE "Mathew Stanley Quay Club" of Philadelphia, a colored organization, has come out against the Force Election bill, and has resolved against the passage of the measure. Some white Republicans might learn a good lesson from these colored brothers.

THE Philadelphia Press says there are 7,000 vacant houses in Kansas City. We're glad Maysville escaped the "boom" fever that swept over the country the past year or two. A good, honest solid growth, such as we have, leaves but few vacant houses in its path.

"OFF with the old love, on with the new." No sooner is one election over than the people begin "to get hot in the collar about the next one," to use the language of the Frankfort Capital. The Congressional contest in November and the city election in January are now demanding the attention of the voters.

THE Maysville Republican says: "Governor Campbell is going to call out the State troops in Ohio in case the Federal Election bill is passed, to resist its enforcement. This is openly charged as his expressed intention." If our neighbor had given the real facts about this report, it would have added that Governor Campbell promptly denied ever making such a remark or expressing any such intention. But our neighbor seems to care very little for facts now-a-days.

SO FAR as reported, none of the ambitious ladies, about seven in number, who were candidates for County School Superintendent in various Kentucky counties, found a sufficient number of gallant men among their friends to give them the political honors which they so much desired.

THE Maysville Republican once professed to be a great advocate of free schools. But when the county tax proposition in aid of the system was before the people recently, the voice the Republican raised in favor of the move would not have disturbed a "Quaker meeting." And the Republican's readers will have to hunt up the official figures, if they wish to learn the result of the vote on this question.

HERE'S a pointer for the colored voters. The Paris Record remarks:

We are told that the Rev. Dr. H. S. Berry, the colored Republican candidate for Magistrate in the Millersburg precinct, is one of the best educated and most intelligent colored men in the State, and notwithstanding his many qualifications his white Republican friends, with the exception of five, went square back on him. This goes to show that the Republicans, while they want the colored man's vote, will not vote for him. The white Republicans can offer no objection to Rev. H. S. Berry except that he is a colored man.

BOTH the Henderson Journal and the Owensboro Messenger complain that hundreds of votes in those cities were not cast at the late election because the voters couldn't get to the polls. The want of sufficient polling places was the cause. A like state of affairs exists here in Maysville, especially in precinct No. 1. It has been suggested that another polling place be established in the Fifth ward, with Limestone Creek as the dividing line.

THE Democrats of the Ninth Congressional district are now ready for the contest next November. Look at the returns from the late election: Harrison 800 majority, Bracken 700, Robertson 250, Fleming 200, Mason 700, Nicholas 500, Bath 300, Greenup 100, Boyd 300—total 3,800. Round numbers are used. The Republicans get Lewis, Rowan, Carter and Lawrence by a total of about 1,000 majority, leaving the Democrats 3,000 majority in the district. If the Republicans want to run any one for Congress, let them trot out their man.

THE "Ring's" candidates who were elected in Lewis County pulled through by the following majorities: A. P. Darrow, for Circuit Clerk, 3; Son-in-Law Samuel J. Pugh, for Delegate to Constitutional Convention, 76; Thomas A. Mitchell, for County Clerk, 51; Geo. E. Dunbar, for School Superintendent, 151; J. C. Willim, for Sheriff, 75; Jos. W. Cottingham, for Jailor, 74; Jack Hendrickson, for Assessor, 48; Alfred Harrison, for Surveyor, 12; H. T. Burdick, for Coroner, 38. The Alliance elected W. C. Halbert for County Attorney by 66, and A. W. Fryer County Judge by 98. The usual Republican majority up there is about 400. The Vanceburg Times remarks that this is only the Alliance's "baby effort," and that "both sides of the Ring" will be smashed next time. By the way, the Maysville Republican has few words to say of the result. After our neighbor's predictions last week, it was no doubt so much "surprised and disappointed" at the news from Morg's Republican stronghold that it concluded the wisest thing to do was to let the matter drop with as few words as possible.

Railway News.

The Kentucky Central has put on two new chair coaches between Lexington and Cincinnati. They cost \$12,500 each.

The Railway Age states that for ninety-eight days the C. and O. trains all arrived in Washington on schedule time to the minute.

The Louisville Commercial says the C. and O. has made a lot of cheap rates everywhere, which are catching the people by the hundreds.

President Ingalls, of the Chesapeake & Ohio, has made public his annual report for the fiscal year ending June 30. This shows the gross earnings of the road to have been \$7,161,000; increase over the preceding year, \$1,871,000. The net earnings of the year were \$1,706,000; increase, \$681,000. The new equipment purchased for the road was charged to current expenses, which is the reason that the per cent. of the gross earnings required for operating expenses is so large, although there are many roads in this country which are not operated on so small a per cent. of the gross earnings as the C. and O. It is stated that the growth of passenger business on the line has been as marked and gratifying as has the freight increase.

SAYS the Mt. Olivet Tribune-Democrat: "J. Barbour Russell, the popular young commercial man of the equally popular and widely known grocery, seed depot and liquor house of M. C. Russell, Maysville, was here the past week and, as usual, received a goodly number of orders. Barbour became a member of the firm of 'M. C. R.' July 1st, and it is now known as M. C. Russell & Son. It is useless to add that the addition of Barbour makes one of the strongest teams in the State, for, like his clever sire, he possesses business qualifications second to no man in this section."

"A Ground-Hog Case."

A boy was digging with an old hoe, as if for dear life, in an embankment at the roadside. A passing traveler, seeing the energy and earnestness of the boy, called to him, "What are you doing there, my lad?" Without losing a lick or looking up, "Diggin' fur a groun' hog" was answered. "Well, you will never get him at that rate," said the man. The boy, working on, replied, "The preacher's a comin' to our house to dinner, an' we've got to hev meat, an' I must git that 'ar groun'-hog." This is the origin of "it's a ground-hog case."

NOW it is a "ground-hog case" with us in the matter of getting rid of our SUMMER FOOTWEAR, without regard to prices, that we may re-invest our means in the largest variety of Fall and Winter goods ever seen in Maysville. In view of our small margins, our success depends upon the frequency with which we are enabled to turn over capital. This stock must go. Come and see it and you will be astonished at our prices. Orders by mail solicited. Goods sent on approval.

Taken From the Last Census Reports

BY SUPERINTENDENT PORTER.

Bonded Debt, Floating Debts, Funds On Hand, Increase or Decrease In Comparison With the Census Taken Ten Years Ago.

WASHINGTON, Aug. 9.—Superintendent Porter, of the census bureau, has issued the following statement of the indebtedness of the various states. The reported bonded debt represents in each case the amount of negotiable securities and the floating debt that of all other obligations of the states, including those assumed or incurred for a specific purpose even though no actual bonds or certificate may have been issued therefor.

The assets embrace the cash and all productive securities on hand of which a valuation is reported whether they belong to the state or any of its funds, although in some cases they are not wholly applicable to the payment of debt, but are pledged for the use of schools or charities.

Alabama—Bonded debt, \$922,770; floating debt, \$3,177,496.50; funds on hand, \$420,576.80; decrease since 1880 in net indebtedness of \$150,321.91.

Arkansas—Bonded debt, \$1,963,100; floating debt, \$2,832,915; funds on hand, \$4,782,705.98; decrease in net debt of \$476,479.84.

California—Bonded debt, \$339,500; floating debt, \$2,364,000; funds on hand, \$5,526,895.33; increase in net assets of \$1,472,144.78.

Colorado—Bonded debt, floating, \$1,367,693.82; assets, \$1,392,552.26; increase of floating debt, \$1,154,209.06.

Connecticut—Bonded debt, \$3,740,200; floating, \$1,326,703.73; assets, \$2,627,151.62; decrease in net debt of \$870,488.29.

Delaware—Bonded, \$399,750; no floating; assets, \$57,988.04; increase of net debt, \$34,173.09.

Villages Destroyed in Hungary.

PESTH, Aug. 9.—A number of villages in Hungary have been destroyed by fires, which have also devastated a large section of country. Immense stores of corn and other grain have been burned and terrible destitution prevails among the homeless inhabitants. At Baros-bocad a woman and six children were burned to death.

FIRE RECORD.

Building That Succumbed to the Devouring Element.

NEW YORK, Aug. 9.—The big planing mill, owned by Harrington & Company, situated on Broadway, West Troy, between Fifteenth and Sixteenth streets, was completely destroyed by fire at 9:30 o'clock yesterday morning. The loss, which is principally on machinery, will reach about \$25,000 and is almost covered by insurance. About fifty men are thrown out of employment. The firm had a large order on hand to supply several companies' mills with boxes. The fire originated in the box department, but from what cause is unknown.

Fire Brick Fire.

ST. LOUIS, Aug. 9.—The factory of the Laclede Fire Brick Manufacturing company at Cheltenham, a suburb of this city, was destroyed by fire yesterday. The loss is estimated at \$80,000 and insurance at \$50,000. A large quantity of valuable machinery was totally ruined. About one hundred employees are out of work.

Wheel Factory Destroyed.

FORT WAYNE, Ind., Aug. 9.—The large wheel factory formerly belonging to ex-Congressman J. B. White, of this city, but now controlled by the American wheel trust, was totally destroyed by fire last night. The loss is estimated at \$175,000, with \$52,000 insurance. The origin of the fire is not known. About 200 men are thrown out of employment.

Murray Hall, Pablo Beach, Burned.

JACKSONVILLE, Fla., Aug. 9.—Murray Hall, the finest hotel on the South Atlantic coast, situated at Pablo beach, eleven miles south of Jacksonville, was entirely destroyed by fire yesterday, causing a loss of \$200,000; insurance \$10,000.

Ended Her Sufferings with Poison.

LAFORTE, Ind., Aug. 9.—Miss Elizabeth Preston, daughter of Hon. Calista Preston, died last night from the effects of a dose of arsenic, taken with suicidal intent. The young lady had been in poor health for several months, and to end her sufferings took the poison.
